Enabling Learning Without Boundries

ET505: E-Learning Instructional Design

Instructional design for online learning is different from traditional classroom based instruction. Do you want to learn more about how to design quality courses for blended and online learning? McWeadon is offering the course for you...

McWeadon is currently offering *ET505: E-Learning Instructional Design*, a 4-week online course with a current special discounted rate of **\$99**. McWeadon instructor, Dr. Mauri Collins, will be your personal coach and guide as you develop your skills effectively in the unique learning environment.

Learn in a highly facilitated environment at your convenience. McWeadon's instructors are personally accountable to ensure the utmost quality and interaction and the effectiveness of this most valuable learning environment.

WHAT YOU'LL LEARN

ET505: E-Learning Instructional Design

This course is for participants who want to gain experience planning and designing a highly effective lesson or a unit of instruction using learning content of your choice. Participants will gain a blueprint for designing well-structured and compelling online and blended e-learning experiences.

This course focuses on a systematic, instructor-friendly, planning process, including the alignment of outcomes and assessments, choice of teaching activities and technology and designing discussion for student learning. You will leave this course with a design ready for development in ET 507: eLearning Instructional Development.
