

**McWeadon**  
*Enabling Learning Without Boundaries*

## ET528: Instructional Design for Virtual Worlds

**Seeking self-motivated, continuing education learners, who are interested in designing learning and training activities in Second Life.**

McWeadon is currently offering *ET528: Instructional Design for Virtual Worlds*, a 4-week online course with special discounted rate of **\$99**. McWeadon instructor Dr. Collins will be your personal coach and guide as you develop your skills in the course. She has taught similar courses at accredited higher education institutions in the United States.

Learn in a highly facilitated manner at your convenience. Our instructors are personally accountable to ensuring the utmost quality and interaction, and the credibility of this valuable learning environment.

### **ABOUT THE COURSE**

#### **ET528: Instructional Design for Virtual Worlds**

Prerequisites for this course are familiarity with Second Life and mastery of movement, camera and the interface. You will learn how to design a unit of instruction of your choice for Second Life, using a design model that aligns learning outcomes, activities, and assessments. You will visit immersive and role play sims and discuss appropriate active learning activities for virtual worlds.
