McWeadon instructor Dr. Steve Mitchell will be your personal coach and guide as you develop your skills in the course. He has taught similar courses at accredited higher education institutions in the United States.

Learn in a highly facilitated environment at your convenience. Our instructors are personally accountable to ensure the utmost quality and interaction and the effectiveness of this valuable learning environment.

### WHAT YOU'LL LEARN

#### PD508: Virtual Field Trips for PK-12 Educators

This course is for participants who would like to gain experience in locating, selecting, and evaluating Virtual Field Trips for PK-12 classroom use. Best practices, classroom management techniques, and strategies for successfully integrating Virtual Field Trips into PK-12 curriculums will be covered. Course participants will be able to:

- Locate content specific Virtual Field Trips using one of four techniques.
- Select age and developmentally appropriate Virtual Field Trips using various rubrics and/or theoretical frameworks.
- Identify multiple instructional uses for Virtual Field Trips.
- Integrate Virtual Field Trips into existing curriculums.
- Align selected Virtual Field Trips with Intended Learning Objectives (ILOs) and/or State Proficiency Tests (where applicable).

**Intended Audience:** Primary and secondary school educators, administrators, media specialists, site facilitators, and technical support staff.

### MEET THE INSTRUCTOR

Dr. Steve Mitchell

Dr. Steve Mitchell holds a Doctor of Education in Curriculum and Instruction and a Master's degree in Instructional Technology from The University of Akron, and Bachelor of Science in Electrical Engineering from Cleveland State University. Dr. Mitchell has taught on-ground, hybrid, Internet, and distance learning courses in both graduate educational programs and undergraduate developmental mathematics. Dr. Mitchell has work experience in business and industry, staff development, integrating technology into outreach postsecondary education programs, computer mediated communication, and program management.
